

Room and Audio-Visual Requirements

To help ensure that Shawne's program meets your expectations and fulfills the ultimate benefit of your audience, please review the A/V requests below and let us know if there are any challenges.

Wireless Microphone

Please have a wireless lavalier microphone and a handheld microphone available. Shawne will wear the wireless and use the handheld for audience participation if needed.

Computer / Projection Equipment

A projector and screen will be needed. Shawne brings her own laptop to play a powerpoint presentation. The laptop will need to be hooked up to the rooms A/V system and audio system. It is imperative to be able to hook up Shawne's computer. The presentation has embedded video and cannot be copied onto a drive to be played. Please make sure necessary cords are available to hook up the computer to the projector and audio.

Staging Area

Please provide a small table with bottled water. A podium is not necessary, Shawne brings her own music stand to hold her script.

Room Environment

People are more alert in brightness. Dim the lighting on the screens but keep the house lights up full.

Temperature

A cool room produces an alert audience, a warm room produces a drowsy audience. A cold room produces a distracted audience, and a hot room produces an irritated audience. The actual room temperature should be somewhere between 68-70 degrees Fahrenheit.

Shawne Duperon Bio

Six-time EMMY® Award winning media coach Shawne Duperon (dew-PEAR-un, rhymes with Sharon) has taught thousands how to communicate and market in business using non-partisan and non-religious themes of forgiveness in the workplace.

Shawne works with corporations, entrepreneurs, universities and government agencies across the globe.

She has interviewed many presidents and has filmed hundreds of celebrities and sports stars. You have seen her featured in major media including, "CNN," "ABC," "Inc. Magazine," and "USA Today" to name a few.

Her personal passion is embracing diversity through forgiveness. Her movement on global forgiveness was created through a film called Project: Forgive. The film's five-minute anti-hate movie trailer - focused on embracing forgiveness - has been seen by tens of thousands across the globe, through applying gossip research. (Yes, she's getting a PhD in gossip.♥)

The film, supported by The Project: Forgive Foundation, has attracted visionary leaders such as Archbishop Desmond Tutu and recording artist Naomi Judd, who now endorse Project: Forgive.
